

GATEWAY ON THE ROAD

You might say the GATEWAY VOYAGE program is returning to its roots -- the grass roots. When the GATEWAY VOYAGE program began in the mid-1970's, the Institute had no housing facility, so programs were hosted all over -- from California to Connecticut; Canada to Florida, and many points in between.

Now with the Institute's facility booked solid, successful GATEWAY VOYAGES taking place in Hawaii, GATEWAY WEEKENDS all over Europe, and GO Excursion Programs across the country, we are making the VOYAGE more available and accessible as well.

Enter Dan Clausing and Judy Quick -- coordinators of the new GATEWAY VOYAGE NETWORK. Dan and Judy are organizing VOYAGE programs around the country. The demand is certainly there... after launching the NETWORK back in July, a tremendous response has resulted in five programs already scheduled for the latter part of this year. The locations and dates of those VOYAGES are as follows:

September 21-26 in Sonoma County, California
October 19-24 in Issaquah, Washington
November 2-7 in North Andover, Massachusetts
November 9-14 in Jemez Springs, New Mexico
December 7-12 near Palm Beach, Florida

Also in the planning stages is a VOYAGE in San Diego, California during January.
